Kaufhold's Kurds are carefully breaded by hand in small batches with fresh garlic cloves, jalapenos, and onions.

## More of What's Important

More cheese, less breading. This gives the curds a premium quality that customers will love.

## Less of What's Not

Preservative free, and made fresh daily in Ellsworth, Wisconsin

### HAND-BREADED

We carefully bread each batch by hand to ensure the perfect ratio of breading to cheese.

### MORE CHEESE

Our cheese is the star of the show and, boy, do we let it shine.

### THE FRESHEST

We bread our curds the day they're made to lock in freshness and our signature flavors.

### FRYER-FRIENDLY

Our curds have a low moisture content so you can say "goodbye" to fryer blowouts.

### NO PRESERVATIVES

Our curds are preservative-free and farmer-certified, rBST free.

### 2-MINUTE FRY-TIME AT 350°

Our fast-frying curds absorb minimal amounts of oil to ensure each bite is as crispy as the last.
